

MURANG'A UNIVERSITY OF TECHNOLOGY

INFORMATION SECURITY MANAGEMENT SYSTEM BASED ON ISO/IEC 27001: 2013 STANDARD

VISION

A Leading University in Technological Innovation, Research, and Training.

MISSION

To Advance Knowledge and Technological Transfer through Teaching, Training, Learning, Research, and Innovation for Sustainable Development.

INFORMATION SECURITY POLICY STATEMENT

Murang'a University of Technology is committed to the preservation of confidentiality, integrity, and availability of information in the execution of its mission and vision.

In pursuit of this commitment, the University shall comply with the requirements of ISO/IEC 27001:2013 standard, applicable legal, statutory and contractual requirements and aligning its management system policies and processes with the information security requirements.

Top Management shall ensure that information security objectives are established, communicated, monitored and reviewed annually; appropriate resources are allocated; the Information Security Management System is maintained and continually improved, to ensure relevance and suitability through a pragmatic approach to management of information security risks and through internal audits.

This information security policy shall be reviewed if significant changes occur to ensure continued suitability.

Signed:

Vice Chancellor
